

NORTH CAROLINA
BOARD OF FUNERAL SERVICE

Minutes
July 13, 2022, Board Meeting

The North Carolina Board of Funeral Service met for a duly scheduled Board meeting on July 13, 2022, at the NC Board of Funeral Service office suite at 1033 Wade Avenue, Suite 108, Raleigh, NC 27605.

Present: Chris Watson, President; Steven Lyons, Vice-President; Thomas Hilderbrand, Secretary; Don Brown; Mark Blake; Steve Herndon; LeShekia Coleman; Darrell McCormick; and Robert Jansen.

Staff and Counsel: Stephen Davis, Executive Director; Amy Acord, Assistant Director; Catherine Lee, General Counsel; and Brett Lisenbee, Compliance Officer.

Guests and Visitors: No guests or visitors were in attendance.

Mr. Watson called the meeting to order at 9:05 a.m. and led members and staff in a recitation of the Pledge of Allegiance followed by the invocation which Dr. Lyons offered. He proceeded by reading the Statement of Ethics and asked if any members would be recusing themselves. None recused. Mr. Watson then asked if any guests were present and if they wished to offer any public comment. No guests were present.

Mr. Watson continued and asked Mr. Hilderbrand to present the minutes from the June 8, 2022, Board meeting.

Approval of Minutes

Mr. Hilderbrand reported that Board staff had sent the minutes to each member for their review prior to the meeting. He asked if there were any questions or changes to the minutes. Hearing none, he offered a motion.

Upon a motion by Mr. Hilderbrand and a second by Mr. Brown, the Board voted to adopt the June 8, 2022, minutes as presented.

Mr. Watson recognized Mr. Blake for the Finance and Personnel Committee report.

Finance and Personnel Committee Report

Mr. Blake reported that the Finance and Personnel Committee met on July 7, 2022, to review the financial reports for the period ending May 2022. He reported that all committee members attended and were joined by Mr. Davis and Ms. Acord. He then recognized Mr. Davis for a summary of the reports.

Mr. Davis informed the Committee that the Board's net position continues to be strong based upon the level of reserve operating capital and in revenue collections shown on the May financial reports.

He summarized the Statement of Net Position and said that the Preneed Recovery Trust Fund balance is approaching \$500,000 and reported that the current balance with the NC State Treasurer is \$487,639.75 compared to \$433,882.43 for the last reporting period. He reminded committee members that the additional \$53,757.32 reflected deposits that had been pending for the past two reporting periods but had now been deposited with the NC State Treasurer. Davis then noted that the Board's total liabilities for the period ending May 2022 were at \$272,515.25 which is less than the total liabilities for the same period in 2021 which were \$299,979.81, and he said that this difference was significant as a measure of the Board's fiscal health and strong net position. Mr. Davis asked if members had questions or comments. There were no questions or comments.

Mr. Davis continued with his report to the Board and summarized the Statement of Revenues and Expenditures. He said that the Total Revenue collected was at 65.7% of the total projected revenue for FY2022 compared to 65.2% for the same period in 2021. He noted that the Total License Fee Revenue and Total Revenue were nearly the same as balances reported for 2021 when revenues exceeded initial projections. He pointed out that much of the increase derives from Cremation Fees, Preneed Contract Fees and a slight increase in Removal and Transportation permit fees. He stated that the Late Fees collections were down significantly compared to the same period in 2021 which was expected with the introduction of the Monthly Cremation Report portal in early 2021 and effective education outreach efforts by Board staff to assist preneed establishments in ways to avoid late fees for preneed contract submissions. Davis continued his summary by noting that the Board's Total Operating Expenses were \$644,431.36 for the period ending May 2022 compared to \$671,303.76 for the same period in 2021. He emphasized that this difference is significant and shows staff's concerted efforts to manage the Board's fiscal resources as conservatively as possible and feasible. Mr. Blake invited any questions or comments. Brief discussion ensued. Mr. Blake then offered a motion to accept the May financial reports as presented.

Upon Mr. Blake's motion, Mr. McCormick offered a second. By roll call vote, the Board voted unanimously to approve the financial reports for the period ending May 2022.

Mr. Blake continued his report and said that Mr. Davis recently attended a special meeting of the 1033 Wade Avenue Office Condominiums Association to hear a presentation on a Reserve Study that had been completed in early 2022 to assess the Association's funding needs for infrastructure and site improvements. He noted that the study found that the current reserve balance was not sufficient for funding necessary improvements for the building roof replacement; mechanical system repairs; elevator overhaul and modernization; and site improvements including maintenance of the asphalt paved parking and curbing. To bring the Association's reserve fund to an appropriate level to support these necessary improvement projects, it would be necessary to implement a 43% increase in the Board's annual assessment for FY2023 and then an annual 6% for FY 2024-28. This increase would represent an additional \$55,000 per year for the Association's capital reserves which would be a positive balance for supporting necessary building and site improvements. Mr. Davis said that the Board's annual assessment is approximately \$28,000. The proposed increase would mean the Board would pay approximately \$40,000 for its annual assessment for FY2023. Mr. Blake invited any questions or comments. He noted that the Executive Director's report on the Reserve Study was for informational purposes and did not require a motion.

After brief discussion, Mr. Watson recognized Mr. Hilderbrand for the Preneed Committee Report.

Preneed Committee Report

Mr. Hilderbrand reported that the Preneed Committee convened by WebEx teleconferencing on July 11, 2022 and that all members were present. Staff in attendance were Mr. Stephen Davis, Executive Director; Ms. Amy Acord, Assistant Director; and Ms. Catherine Lee, General Counsel. Mr. Hilderbrand reported that the Committee considered a staff recommendation regarding a request for revocation of an irrevocable preneed contract. He noted that Ms. Lee explained the pertinent details associated with the request and said that the request was in compliance with the requirements expressed in NC General Statute 90-210.65(e)(1) which permits revocation of an irrevocable contract when the purchasers have moved out of North Carolina and purchased a new contract in the other jurisdiction. Mr. Hilderbrand invited any questions or comments. Hearing none, he offered a motion for approval of the request for revocation of an irrevocable preneed contract as presented.

Mr. Blake offered a second to Mr. Hilderbrand's motion, and the Board voted by roll call in the majority to approve the request for revocation of an irrevocable preneed contract pursuant to NC General Statute 90-210.65(e)(1).

Mr. Watson then recognized Mr. Herndon for the Disciplinary Committee Report.

Disciplinary Committee Report

Mr. Herndon said that he and Dr. Lyons met on May 6, 2022, to consider preliminary disciplinary recommendations from staff as follows:

Dismissals

C22-0033	C22-0038	C22-0039	C22-0040/0047	C22-0041	C22-0044
C22-0049	C22-0050	C22-0051			

Letters of Caution

C22-0030	C22-0031	C22-0037
----------	----------	----------

Other

M22-0008	M22-0036
----------	----------

Mr. Herndon offered a motion for approval of the Disciplinary Committee's recommendations as presented. Mr. Blake asked for additional information regarding C22-0038 particularly with reference to the "chain of custody" issue. Ms. Lee elaborated on the matter and noted that the complainant did not have disposition rights for the deceased. Mr. Blake then asked for more details regarding C22-0030 as to the particular conditions pertaining to the removal of the decedent and whether the decedent had been placed in a body bag. Members discussed the matter in terms of the proposed Letter of Caution and its effect on the funeral establishment responsible for the removal of the decedent. Members noted that such situations are not uncommon when establishments are called upon to remove decedents under difficult and sometimes extreme circumstances. Mr. Watson asked Mr. Lisenbee for his perspective as the Board's Compliance Officer. Mr. Lisenbee said that his review of the complaint coupled with the information derived from the investigation conducted by a Compliance Inspector assured him that a Letter of Caution is appropriate. He then suggested that the

details of the investigation and other pertinent details expressed in the consumer complaint might be better discussed in closed session to assure the protection of information not subject to public disclosure.

Mr. Herndon amended his motion to exclude from the Board's vote Case Number C22-0030. Dr. Lyons offered a second to his motion. The Board voted in the majority by roll call to accept the Disciplinary Committee's recommendations with the exception of C22-0030.

Mr. Watson continued the meeting and recognized Mr. Davis for the Executive Director's report.

Dear Mr. Davis:

This is a letter of concern in reference to Licensees and Non License persons working in Funeral Homes, to let the public be aware of whose License and who is not. There are a lot of people that think if you work at a Funeral Home or own the Funeral Home that they are License. I recommend that the North Carolina Board of Funeral create a Statute that all persons who are employed by a Funeral Home and advertised by a firm that they work there should be recognized as such. For instance John Doe, Owner, Non Licensee, James Doe, Manger, License Funeral Director & Embalmer, NC FS # 0000, Jane Doe, Funeral Attendant, Non Licensee and other positions. Please take a look at doing this and I think this will help the public out tremendously and will also help the Funeral Industry. Please do not hesitate to

Dear Mr. Harris:

This letter acknowledges your recent correspondence to me regarding the possibility of legislation requiring the identification of all staff at a licensed establishment as either licensed or non-licensed. I wanted to express my appreciation for your thoughtful suggestion, and I am glad to convey this issue to the Board for their discussion and consideration.

The Board has recently discussed the need for assuring awareness among licensees what constitutes licensed practice and what activities are permissible by a non-licensee. I believe that these are related issues. To address the Board's concerns regarding licensed versus non-licensed practice, Board staff is currently developing a resource document that will identify licensed and non-licensed activities along with pertinent statutes and rules that authorize these activities. I am hopeful that this document will be ready for the Board's review at its July meeting. Upon their approval, I will plan to distribute this guide to licensees and highlight its content on our website and other communications.

Again, please know my appreciation for your letter.

With best regards,

Stephen E. Davis
